Spring Solutions PPE Supply

As you may have seen from our April Mailout. Spring Solutions are continuing to operate as a Key Supplier supporting Key A&D contracts as well as a Key supplier to the food industry.

We stock and supply a huge range of PPE and cleaning products, last month we rolled out a project in which we will provide these free of charge to local Care Homes & Food Banks to support them in their fight against the COVID 19 virus. We are pleased to announce that we have now established a continuous pipeline of approved PPE & sanitising products.

As many of our customers begin their plans for reopening in the aftermath of the outbreak we wanted to reach out to you to you to make you aware that we can assist in the supply these products and support you in your return to some kind of normality.

If you are making plans to reopen and looking for PPE or would like to discuss how we can support you in doing so safely then please get in touch with our team who can assist you on: **info@spring-solutions.co.uk.**

Our product range includes but is not limited to; **Hair Nets, Facemasks, Coveralls, Gloves, Clothing Protectors, Sanitising Spray, Sanitising Wipes & Station Wipes.**

For specifications, more details or if you know someone who could benefit from our Care Home Support Project, please get in touch – **info@spring-solutions.co.uk**
